

Ordering Tri-Solfen® (lambs)

Tri-Solfen® is the first step in delivering best practice pain relief for lambs following mulesing, surgical docking or castration. This easy-to-apply, spray-on gel provides immediate and lasting relief against acute pain for up to 24 hours, reduces bleeding; protects against infection; and facilitates wound healing. Tri-Solfen is ideal for use in combination with non-steroidal anti-inflammatory drugs (e.g. meloxicam) to provide comprehensive, longer-lasting relief from both acute and chronic pain.¹

Mulesing only

LIVEWEIGHT	TOTAL DOSE PER ANIMAL*	NUMBER OF LAMBS TREATED PER PACK		
		1 L	5 L	20 L
Lambs 5–10 kg	6 mL	166	833	3,333
Lambs 11–15 kg	8 mL	125	625	2,500
Lambs 16–20 kg	10 mL	100	500	2,000
Lambs over 20 kg	12 mL	83	416	1,666

*Divide and administer total dose as multiples of 2 mL sprays.

Docking only

LIVEWEIGHT	TOTAL DOSE PER ANIMAL	NUMBER OF LAMBS TREATED PER PACK		
		1 L	5 L	20 L
Lambs up to 10 kg	1.5 mL	666	3,333	13,333
Lambs over 10 kg	2 mL	500	2,500	10,000

Castration only

LIVEWEIGHT	TOTAL DOSE PER ANIMAL*	NUMBER OF LAMBS TREATED PER PACK		
		1 L	5 L	20 L
Lambs up to 10 kg	3 mL	333	1,666	6,666
Lambs over 10 kg	4.5 mL	222	1,111	4,444

*Apply one-third of total dose along each spermatic cord and one-third to the external incision.

Docking and castration*

LIVEWEIGHT	AVERAGE DOSE PER ANIMAL*	NUMBER OF LAMBS TREATED PER PACK		
		1 L	5 L	20 L
Lambs up to 10 kg	3 mL	333	1,666	6,666
Lambs over 10 kg	4.25 mL	235	1,176	4,705

*Assumes 100% lambs are docked and 50% are castrated.

Mulesing, docking and castration*

LIVEWEIGHT	AVERAGE DOSE PER ANIMAL*	NUMBER OF LAMBS TREATED PER PACK		
		1 L	5 L	20 L
Lambs 5–10 kg	9 mL	111	555	2,222
Lambs 11–15 kg	12.25 mL	81	408	1,632
Lambs 16–20 kg	14.25 mL	70	350	1,403
Lambs over 20 kg	16.25 mL	61	307	1,230

*Assumes 100% lambs are docked and 50% are castrated.
